

# Teaching A level Mathematics

## Professional development for teachers of A level Mathematics

*Saint Cecilia's CoE School, Sutherland Grove, Wandsworth, London, SW18 5JR*

*July 2018*

### Course includes:

- **Eight course days**  
spread over 12 months, devoted to deepening subject knowledge, developing teaching approaches and reflecting on classroom practice.
- **Two formative lesson observations**  
conducted by subject specialists.
- **Two years' access to Integral resources**  
providing comprehensive, high-quality support for AS/A level Mathematics.

### Course fees for 2018-19 are £600.

On course completion, schools and colleges of participants receive a DfE-funded bursary in recognition of the support they have given.

**“The course changed my thinking about the way of A level teaching.”**

- TAM delegate

### Course benefits:

- **For you:** confidence with the concepts in A level Mathematics and sustained support from experts in pedagogy
- **For your students:** More engaging and relevant maths lessons, with improved progress through differentiated learning.
- **For your school/college:** high quality teaching and learning resources to share and improved capacity of staff to deliver A level Mathematics
