

# Engaging with the Spiritual Development within the Curriculum

- How is the content of our **curriculum** developing pupils' Fruit of the Spirit? Where can they access, reflect, meditate on, gain, experience, engage with...love, joy, peace, kindness, goodness etc.
- How are **learning** strategies, challenge, adaptation, personalisation, resources supporting developing Fruit of the Spirit?
- When you are **linking** with external speakers, associations, groups, CPD training, organisation etc. how is this fostering the Fruit of the Spirit with pupils, students, staff?
- How are you managing your **team**, supporting your team, developing your team in a way that fosters the Fruit of the Spirit?
- Where are the opportunities for pupils, students and staff to be amazed, be in **awe and wonder** of the world, relationships, beliefs, views etc? Opportunities for **creativity**, to be **moved**, to **respond** to the challenge of life or death, to ask 'why me'?
